

BannerUp Plus

– new, stylish and lightweight

BannerUp Plus is our new upgraded model with a modern and elegant look. The visible front rim of the cassette is only 40 mm high, by far **the slimmest and most discreet banner cassette on the market**. The graphic banner is always in absolute focus. BannerUp Plus is produced in aluminium with low weight for increased portability. Equipped with hideaway swivel-feet for increased stability if needed.

BannerUp Original

– still going strong

BannerUp Original was developed by Mark Bric in 2000 and is extremely well tested on the market. BannerUp Original has a more robust design and is slightly heavier compared to our new Plus model. Produced in sheet metal and available in anthracite and silver grey. Equipped with hideaway swivel-feet for increased stability if needed.

Easy banner change

An invention by Mark Bric enables you to repeatedly use different banners in the same cassette, both Original and Plus. Just slide the old banner out of the cassette and replace it with a new one. **Voilà!**

Banner Stands

Ideal for quick presentations

Most complete range of retractable banner stands

A uniquely different Banner stand

– with a character making the use very much wider!

BannerUp is an ideal product at exhibitions, events, conferences and sales promotion campaigns, as well as being a perfect “companion” for sales people on the road. The graphic banner is well protected in a metal cassette and is simply pulled out. In less than one minute your presentation is ready.

Our super-wide format of 1,5 metre really catches the attention of the by-passers and presents more possibilities for the graphic design as well.

In this case one extension pole has been added and thereby an extra height of 226 cm is achieved.

Thanks to the extraordinarily discreet front of our new model, BannerUp PLUS, the graphic banner is always in absolute focus.

An attractive set-up, in a company show-room, with three 88 cm BannerUp Original.

An easy-to-handle auxiliary show tool

More attention with light

A well designed, 50W halogen spotlight is available for increased visibility.

Connecting 2, 3 or more units gives more possibilities and extra impact

Here is an example with 6 BannerUp Originals, 88 cm, connected. A five metre backwall is achieved!!

Only Mark Bric BannerUp offers four widths of the screen

Visible print height: 196 cm (Original) / 206 cm (Plus)
Full height: 207 cm (Original) / 212 cm (Plus)
For both models, an extension pole of 19 cm can be added.
