

Two new attractive stands from Mark Bric

X-Stand

Item 2436

X-stand is a real eye-catcher with a modern and different "look". Thanks to the cross design, the stand has a flexible format, and frames in widths between 50 cm and 76 cm can be used. Available in two colours: Matt black (93) and silver-grey (98).

Soft Line

Item 2435/2437

An elegant and classic sign and poster stand for 70x100 cm and A1 frames. Shows off the framed posters and prints to their full advantage. Available in two colours: Matt black (93) and silver-grey (98).

Colours of frames

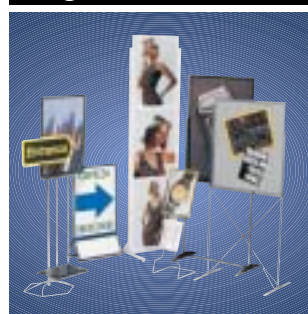

All stands must be equipped with a frame. There are 14 standard colours to choose from, enabling you to match your graphic panel and/or your company identity.

White (51)	Beige (58)
Grey (52)	Grey metallic (59)
Red (53)	Yellow (60)
Blue (54)	Teal (61)
Black (55)	Burgundy (62)
Brown (56)	Purple (63)
Green (57)	Hunter green (64)

Sign & Poster Stands

A complete range of indoor displays

Mark Bric **FLEXIFRAME**®
A Family of Dependable Displays

Present your message in style

- and you will be taken more seriously.

The Flexiframe system for public presentations, with its wide range of good-looking sign and poster stands, adds that extra touch to your information and promotional messages – no matter what the panel shows; photos, texts, graphics or whatever. The well-designed stands contribute to drawing attention and interest in what you want to say or show, and last but not least, they certainly help you to arrange your material in an effective and winning way.

How does it work?

You add to the stand a **frame** and a **panel** for your desired type of poster or print. Our practical "poster-pockets" in transparent plastic (glossy or anti-reflex), as well as velcro panels are available to make the unit even more versatile.

The range of Flexiframe stands are designed to take frames of **different sizes and colours**. All frames can be used with **single- or double sided messages** – to suite the location and the stream and movement of the people passing by.

The Flexiframe stands and frames of this easy-to-use system form a broad range of solid eyecatchers.

Floor stands

The stands are meant for indoor use, to be put at entrances, passages or other strategic points in shops, banks, exhibition halls, arcades etc. Wherever people come together or just pass.

The complete range of stands, accessories and colours are described fully to the right.

Header frames, Brochure pockets

The stands can easily be equipped with brochure pockets. Header frames can be used if you wish to highlight a part of your message.

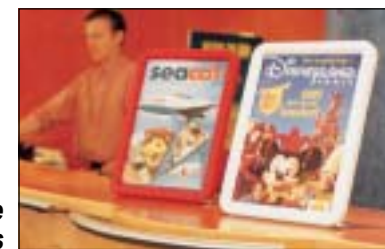

Table stands

You will also find small, handy tablestands, ideal for information on desks, shelves etc. where they can be easily seen.

Stands marked with ✓ can be used with most frame sizes
